REFERRAL BONUS PROGRAM

Do you have an organization that could benefit from working with Beyond Digital? We are honored and love that you'd think of us. As a way to show our thanks, we're excited to announce a ***new client referral program.***

Beyond Digital Marketing will pay you **5% (up to \$250) of the project price** which applies to the first signed contract. This excludes recurring services. This may be payable via check or used as trade credits for future work with us!

For projects of greater scale, we can discuss on an ad-hoc basis. Please email steven@beyonddigitalmarketing.com for details.

'25 REFERRAL PROGRAM

TERMS & CONDITIONS

As with anything, there should always be some basic ground rules:

- There is no compensation for clients who are currently clients of Beyond, have been clients of Beyond in the past or are currently being prospected by Beyond.
- You must personally **know** the potential client contact and be able to provide their email address and cell and/or direct office number. Also, the potential client contact must be someone who could engage Beyond and/or influence the people who can.
- Once you have shared your lead's contact information, it will go into Beyond's contact database and Beyond may contact that person at some point in the future, unless the contact has advised that they want no further contact by us. **#RockOn**

TERMS & CONDITIONS

- Part of the sales process requires continued outreach and follow up. If you are concerned about our level of contact with your source, **please let us know** and we can work together to develop a plan that makes the most sense.
- Upon submission of the referral form, the referral will receive a message similar to the following:
 - *“Jane just referred you to Beyond Digital Marketing. Please expect a call or email shortly. If this is unsolicited, please reply to this email and let us know.”*
- **All payments/credits will be paid out to you once the business gets paid**, and is subject to applicable taxes.
- Beyond reserves the right to re-evaluate and change this plan in the future; however, all leads provided prior to a change in the plan will be subject to the plan that was in effect when you submitted the form.
